

Rag Photographique II

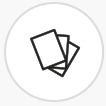

210 or 310 gsm – Matte

Utilising the latest proprietary inkjet coating, **Canson® Infinity Rag Photographique II** offers an improved image performance including excellent black density, exceptional detail and a rich tonal range, whilst retaining the original aesthetic of the paper.

Produced by the papermakers at the Canson Mill in Annonay, France, Rag Photographique II is 100% cotton, with a smooth sensual feel to the paper. The paper is museum grade and contains no artificial brightening agents, also called OBAs.

This museum grade paper offers deep blacks, excellent image sharpness and detail, optimum colour graduation and its smooth matt surface is ideal for photographers, artists and printmakers that are looking to produce colour or black & white art reproductions.
