

ARCHES® 88

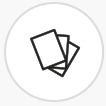

310gsm – Matte

ARCHES® master papermakers have been producing very high-quality fine art papers since 1492, and today ARCHES® is the only paper mill in France using a traditional cylinder mould process for all its papers, including ARCHES® 88. Made of 100% cotton, it offers an ultra-smooth surface finish and a soft and supple feel to the touch. ARCHES® 88 has a pure white tone and is completely free of any optical brighteners (OBAs).

The unique inkjet receiving layer produces prints with superb colour rendition, deep blacks and natural whites offering photographers, artists and printmakers the opportunity to create images with a superb tonal range, excellent highlights and mid-tones.

ARCHES® 88 is a prestigious printmaking paper and offers artists, printmakers and photographers alike the ability to create digital fine art prints on an authentic ARCHES® paper for both limited and open edition work.
